Testimonials

Pankaj Pathak
(2023 Batch)

Being in journey for CPHQ exam i think RISI is best one because i joined RISI with very less knowledge about quality but the way Dr Thennarasu sir put their dedication hard work and commitment for for me to upgrade my knowledge not only for CPHQ exam but also for being a good & knowledgeable health care quality professional is the best. If you want to plan for CPHQ or good healthcare quality knowledge definitely you should try RISI.

Nisha Nazar
(2023 Batch)

The CPHQ review sessions at RISI was an educational and engaging experience and I am grateful to Dr. Thennarasu for guiding the review sessions. I would highly recommend RISI for CPHQ preparations because all of the contents were incredibly informative, useful and easy to follow. In addition to preparing us for the exam, the training also helps us to broaden our knowledge and apply it in our daily work. The well-prepared study materials, mock tests, and practice questions encourage critical thinking and lead us through the exam's necessary analytical abilities.

Testimonials

Jessica William
(2022 Batch)

I approached RISI for CPHQ, and I accomplished way more knowledge for quality and Patient safety. Dr Thennarasu focuses on practical implication for healthcare. Statistical concept are explained by him impeccably that one will gain so much interest for the same.

He says every failure is opportunity for improvement, and that have expanded the horizon of healthcare and inculcates quality in your thinking and working.

I highly recommend RISI as you will not only clear your exam but change your approach and prospective of making improvements in healthcare to contribute your bit to the world.

Sara Alkhajam
(2022 Batch)

For anybody out there wishing to have a CPHQ certificate let me assure you that RISI is the perfect place prepares you for it!

Such a fruitful experience I have learned a lot about every single corner in Quality and Patient Safety as it is exceeding the certificate matter, you will find yourself able to apply what you have learned in the real life very much easily! Dr. Thennarasu is having a lot of valuable knowledge and he is very much successful in delivering it.
